Enabling Your PC to Think as Fast as You Can Multitask

A New Era in Processor Architecture

Systemax™ Venture HU® PCs featuring Intel dual-core processors enable new computing experiences by providing additional resources that expand the PC's capabilities in the form of higher throughput and simultaneous computing. Imagine that a dual-core processor is like a four-lane highway - it can handle up to twice as many cars as its two-lane predecessor without making each car drive twice as fast. Similarly, with an Intel dual-core processor-based PC, people can perform multiple tasks such as downloading music and gaming simultaneously. By doubling the number of cores in the processor, Intel dramatically increases the PC's capabilities and computing resources, which reflects a shift to better responsiveness, higher multithreaded throughput and ultimately, parallel computing.

Customize Your Small Business Server Now!**Microsoft Small Business Server**

Today's business environment demands that small businesses do more with less. The majority of small businesses have limited IT resources, employees, and time. Now, there's help.

Designed with your small business needs in mind, Windows Small Business Server 2003 is a complete and affordable network solution. With Windows Small Business Server 2003, you can have confidence that your data is secure, untap new productivity from your desktops, empower your employees to do more, and connect to your customers like never before.

Windows Small Business Server 2003 provides many of the networking features used by large companies, without the complexity typically associated with server technology. Windows Small Business Server 2003 delivers a complete business server solution for small businesses with up to 75 workstations and is available in two editions: standard and premium.

BUILT TO ORDER!

Systemax™ Vigor Notebook. Rugged Tough!—It's a rough and tumble world. In all the hustle and bustle, today's mobile professional needs a tough notebook. A laptop that can withstand the everyday mishaps that would destroy or seriously damage a more fragile computer. Accidental drops, jarring collisions and spills, damage or destroy nearly one of every five laptops. You'll be nearly impervious to these common hazards if you own our rugged, tough Systemax™ Vigor. This masterful PC combines top performance on the inside with an industrial-strength exterior shell. The components that drive this exceptional computer are impressive. An Intel Celeron M 1.5GHz processor that's specially designed for optimum mobile efficiency. 256MB of swift PC2700 SODIMM memory. An ample 40GB hard drive. And a terrific DVD±RW drive. Everything you need for productive work and on-the-go entertainment. Plus, the Systemax™ Vigor comes with a 6-month AOL Security Edition membership, giving you access to the world's most famous Internet provider and all of its perks.

Kensington MOBILE SOLUTIONS!

■ Presentation Remote

Who needs hand signals when you've got wireless? Add new life to your presentations with the all-in-one Kensington Wireless Presentation Remote. Its intuitive, easy-to-use buttons and built-in laser pointer give you complete presentation control up to 50 feet away, while the wireless USB receiver stores conveniently inside its compact case.

NEW TO CASE
K05-1062 Presentation Remote \$49.99

■ PilotMouse Laser Mini Wireless

PilotMouse Laser Mini packs Kensington's most advanced technology into a portable package. Precision laser tracking, 2.4GHz wireless connection, and power saving technology that doubles battery life. Non-visible laser safe for all environments.

NEW TO CASE
K05-1052 PilotMouse™ Laser Mini Wireless \$39.99

■ PC Key

- Easy-to-use plug-in access and data protection without performance impact
- Two-factor authentication and 128-bit AES encryption for highest-level data security
- Tamper-proof USB key cannot be lost or compromised by hackers
- Web-based user support for retrieving lost pass word or key without IT help

K05-1080 PC Key \$59.99

■ ComboSaver™ Security Cable

MicroSaver™ locking system without the keys!

- Powerful combination security cable
- Small, keyless combination lock
- Six-foot galvanized steel cable

NEW TO CASE
K05-1022 ComboSaver™ Security Cable \$25.99
K05-1074 Portable ComboSaver™ \$24.99

■ MicroSaver™

Secure computer equipment with patented technology.

- Titanium-reinforced assembly
- Patented T-bar lock
- Steel cable with Kevlar® brand fiber

NEW TO CASE
K05-1020 MicroSaver™ \$34.99
K05-1076 MicroSaver™ Alarmed \$39.99

■ Contour Cases

The Contour Pro 17 offers premium protection and exceptional comfort in one outstanding case. Not only does its SnuggR® protection system keep your notebook computer safe, its contour panel and weight distribution system help reduce weight impact, so the case feels lighter.

K05-1038 Contour 15" Notebook Carrying Case \$49.99
K05-1048 Contour Pro 17" Notebook Carrying Case \$59.99
K05-1042 Contour Roller Case \$69.99

■ Portable Universal Docking Station

Transform your notebook into a desktop workstation!

- Hi-speed USB 2.0 docking station with Ethernet
- Single USB cable connection
- Converts notebook into a networked workstation

NEW TO CASE
K05-1030 Portable Universal Docking Station \$84.99

■ 120Watt AC/DC Power Adapter

Packed with 120 watts of power, the Kensington Notebook AC/DC Power Adapter uses patented technology to deliver all the power you need in a size that's 40% smaller and lighter than other power supplies. With its AC and DC power options, you always have the right adapter—whether in the office, on the road, or in the air.

K05-1066 120 Watt AC/DC Notebook Power Adapter \$99.99

■ Travel Plug Adapter

With the Kensington Travel Adapter, there's never a need to be at a loss for power again. This all-in-one unit provides plug adapters for use in more than 150 countries. Simply slide out one of the built-in plugs and plug in a laptop, cell phone, battery charger, or similar electronic device. And its safety release button and built-in fuse ensure safe operation for most electronic devices.

K05-1028 Travel Plug Adapter \$14.99

hp COMPAQ Evo N610c

TOSHIBA TE2100

acer Ferrari 4002WLMi

Intel® Pentium® 4 Processor

Intel® Pentium® 4 Processor

AMD Turion 64 ML-30 Processor

No, the price is not a misprint. You can own this wonderful HP Compaq Evo N610c refurbished laptop computer for an incredibly low price. This lightweight, mobile notebook offers great power, blazing speed, and superb multimedia options. The Evo N610 features the Intel Pentium 4 1.8GHz processor, 256MB of DDR memory, a 30GB hard drive and a CD burner!

- Intel® Pentium® 4 Processor (1.8GHz)
- Microsoft® Windows® XP Home
- 256MB DDR Memory
- 30GB Hard Disk Drive
- CD Burner
- 14.1" WXGA TFT Display
- Integrated Intel Graphics ATI Mobility Radeon 7500
- Integrated LAN
- Integrated Modem

Today's traveler craves speed. Loves power. Needs to be ready to go at a moment's notice. Introducing the perfect laptop computer to satisfy your cravings - the Toshiba TE2100. This genuine Toshiba notebook is blazing fast. Its Pentium 4 1.8GHz processor gives you the power you need to work or play wherever you go.

- Intel® Pentium® 4 Processor (1.8GHz)
- Microsoft® Windows® XP Professional
- 256MB DDR Memory
- 28GB Hard Disk Drive
- CD-RW/DVD-ROM Combo Drive
- 14.1" WXGA TFT Display
- Integrated Intel Graphics NVIDIA GeForce 4 420 Go
- Integrated LAN
- Integrated Modem

Acer's new Ferrari runs laps around every notebook we have seen this year! Acer knew that any model that carries the Ferrari name must meet almost impossible expectations. That's why it designed the Model 4002WLMi laptop. And it takes the checkered flag in virtually every high performance category.

- AMD Turion 64 ML-30 Processor (1.8GHz)
- Microsoft® Windows® XP Professional SP2
- 512MB DDR333 Memory
- 80GB Hard Disk Drive
- DVD-RW Dual Layer Drive
- 15.4" WXGA TFT Display
- Integrated Intel Graphics ATI Radeon Mobility X700
- Integrated LAN
- Integrated Modem

Energizer. The Power To Save The Strength To Protect!

Power surges, spikes, and outages can damage expensive equipment and corrupt important data in an instant! The new Energizer ER-PRO1000 manages, protects and safeguards valuable electronic equipment up to 1,000 volt-amps. Ideal for the corporate user, the ER-PRO1000 features six outlets that provide battery backup protection to your equipment. Automatically save open files and safely power down your system when threatening power irregularities arise. The included FileSaver software allows you to actively monitor important power activity that affects your operating systems by alerting you to power interruptions or low UPS battery detection. You'll know your systems are safe when danger strikes!

- 1000 VA
- 100,000 Equipment Protection Policy
- Automatic Voltage Regulation

DVD MOVIES

Special Edition:

Featured Movie

BloodRayne is a genre all to itself. It is packed with action, but it's not an action film per se. It is a mighty adventure, but it's not a pure adventure film. There are mystical and immortal creatures of great power and evil, but it's not a typical vampire movie. BloodRayne crosses all genres. There is romance, adventure, action, drama and raging battle of good against evil.

Audio/Video Connectivity

Superior image quality - even at extended lengths!

Velocity™ Video interconnects offer crisp detail and brilliant color for today's office projection and home theater equipment. Oxygen-Free Copper (OFC) conductors and PE foam insulation deliver signal accuracy, while an overall foil shield and OFC braiding protect against EMI/RFI interference. These types of connections are available: Composite (good), S-Video (better), and Component (best) as well as with or without RCA dual audio (LR channel).

UXGA Monitor Splitter/Extender

The UXGA Monitor Splitter/Extender with audio is ideal for distributing audio and video to classrooms, exhibits, trade shows, demonstrations, and multimedia presentations. This splitter will broadcast your computer's audio and video output to multiple destinations. Daisy-chain more than one splitter to expand the number of monitors and speakers you can reach. With the built-in video signal enhancement, you can place monitors up to 210 feet away while maintaining your video quality.

LCD TVs/MONITORS

Thin, Wide, Wall-Mountable LCD TVs!

32" FROM
\$979⁹⁹

Just 4.25" Wide!

OLEVIA

Liquid Crystal Display Technology Is The Future Of Television! The Olevia Is So Breathtakingly Sharp, It's Real!

Replace your old TV with the Olevia a slim, high quality 32" HDTV ready LCD TV! Olevia's Entertainment line introduces the 32" digital wide screen LCD TV. Displaying WXGA resolution (16:9 wide-screen format) with an outstanding 1200:1 contrast ratio and 178 degree wide viewing angles, the Syntax TV is equipped with all the bells and whistles. Due to a speedy 8ms response time, the LCD's ability to display real-time graphics with smooth transitions will amaze viewers.

Additionally 2 x 15W stereo speakers play great surround sound. Included is a TV Tuner equipped with a multiple video / audio inputs and outputs, including VGA and DVI input, S-video input, component inputs, and a much more. Now you have it all with Olevia LCD TV.

One of the newest Olevia models, the LT32HV is a HDTV-ready 32-inch LCD TV, featuring Super-IPS (Super-In-Plane-Switching) technology to provide sharp, vivid digital entertainment images from analog and digital TV signals, DVDs, VHS and video games. The high-end benefits of Super-IPS provide the best display performance with high color saturation, the widest viewing angles, sharpest images, best response times and the minimum amount of color shift and distortion from any angle.

The Mini TV USB frees you from television network programming schedules and allows you to easily record television on your PC so you can watch episodes of your favorite show over and over and over again.

MediaTV PVR Software—Free yourself from TV set and network programming schedules. Watch your favorite TV shows where you want. When you want! MediaTV PVR for your PC gives you the power to control TV simply and conveniently. With its free electronic program guide, you can easily schedule your favorite sitcom, historical drama or even a week's worth of child's favorite cartoons. Schedule from home, from the office or anywhere you have Internet Access! You'll never sit around waiting for your show or rush home to catch the big game. If you're watching in real time, you can pause, rewind and slow-mo live TV. You're in control.

Capture And Record Video Instantly And Easily Instant DVD+MP3

Powerful Audio and Video Conversion

- Capture video from any source including DV Camcorder
 - Capture and Burn "Direct-to-Direct" to video CD or DVD in Real Time
 - Edit movies and publish on disc or record to tape
 - Record from audio tapes, LPs and more to MP3 or WAV
- A powerful tool for converting all your audio and video analog tape into today's digital media formats. Capture and convert video from VHS tapes, camcorder and your DV camcorder into DVD's in real time. Control the DV camcorder (Play, Stop, Rewind, Fast Forward) from the easy to use Capture Wizard software. Instant DVD+MP3 has powerful movie making capabilities including 16:9 aspect ratio and hardware encoded 2-channel Dolby AC-3 audio to preserve your family memories in the best quality possible. Use the included Nero software to trim, remove noise and burn to Audio CD or prepare for copying to your portable MP3 player. Recover your old music memories and enjoy them in a new digital format.

Instant HDTV PCI

Receive Free Over the Air HDTV Broadcasts on your PC

- Turn your PC into an HDTV Home Theater
- Enjoy the crystal clear quality of HDTV broadcasts
- Watch, Record and Playback HDTV on your PC
- Includes Remote Control
- Microsoft MCE Certified, MCE Codec Included
- Windows Vista Ready

HDTV is here now! Today 95% of all households in the U.S. can receive HDTV from at least one network broadcaster. And more than 85% can receive an HDTV signal from three or more network broadcasters.

Enjoy all the clarity and brilliance of crystal clear HDTV broadcasts on your PC monitor instead of buying a new HDTV. HDTV broadcasts look better because they have up to 6 times the resolution of standard TV broadcasts and many broadcasts include Dolby 5.1 Audio so HDTV sounds better too! And HDTV is FREE — HD Shows are broadcast over the air, no need for cable TV or satellite subscriptions. Just add Instant HDTV PCI and a TV antenna to receive HDTV! If you still have analog Cable TV in your house you can also use the Instant HDTV PCI to receive standard TV and Cable broadcasts in addition to HDTV broadcasts.

Full Featured Personal Video Recorder Capabilities! Instant HDTV PCI includes SnapStream's Beyond TV which transforms your PC into a home theater powerhouse with a powerful integrated electronic program guide. Beyond TV

JUST
\$109⁹⁹

lets you see "What's On" and watch it now or schedule for future recording. Beyond TV incorporates powerful Digital TV capabilities that allow you to Pause, Fast Forward and Rewind Live TV as well as recorded programs. You have the power to program recordings of future airings by searching the electronic program guide by title or keyword.

Record your favorite shows to DVD—NeroVision Express is a full featured DVD authoring solution which automates the process of compressing the High Quality HD content from your hard drive to fit on DVD. In addition, NeroVision Express supports true 16:9 Widescreen, Dolby Digital Audio, as well as Dual Layer authoring.

DVD Xpress DX2

Video Capture
For Your
Mobile Life!

JUST
\$89⁹⁹

NEW ITEM!

- Archive videos "Direct to Disc" in VCD or DVD format in real time
- Capture directly to popular formats for mobile devices:
 - Sony PSP
 - Apple iPod
 - Creative Zen Vision
 - DivX Video
- Includes Video Studio9 for editing video
- Bus Powered

Fastest Easiest Way To Create Video!

ADS DVD Xpress DX2 plug-and-play device connects to a PC USB port to transfer video and audio signals from any analog source such as VHS tapes, analog camcorders, set-top boxes or VCRs, using the RCA (Composite) or S-Video video inputs. The signals are automatically converted into MPEG-1 or MPEG-2, MPEG-4 and the DivX digital files that can be archived directly to

Capture Directly To:

disc or stored on a PC's hard drive for editing. With analog support, users can quickly preserve their old VHS tapes (which deteriorate after 10 to 15 years), by converting them to a digital format and archiving them on CDs or DVDs that can last nearly 100 years.

HEA

Wireless PC-To-TV System

This amazing device enables you to watch your PC-based movies, shows and video clips on your home TV! From your den—to your living room—wirelessly! It also allows you to make presentations to a TV from a "remote" location—and the "tether" connection problem! You no longer need to be six feet away from the TV.

- Fully supports VGA, Macintosh G3, G4, G4 Cube, iMac and iMac DV or later
- Fully supports all MS-DOS*, Windows and Mac OS 9.X
- 2.4 GHz wireless transmission of video and stereo audio (requires stereo sound card)
- Composite video throughput and PC/Video toggle supports wireless transmission of external video source
- Four selectable channels
- Range of 100 meters in open areas and 30 meters indoors
- Supports VGA resolution up to 1600x1200
- Supports Mac display modes up to 1152x864
- Supports iMac and iMac DV display modes up to 1024x768

Transmit from your PC, satellite, camcorder, VCR or music system!

Includes all this:
Ultimate Wireless Transmitter/Converter,
Wireless Receiver, Composite stereo
audio, S-video, PC audio, VGA pass-thru
cables, power supplies and battery pack.

Transmitter

- No software required
- Scalable horizontal and vertical sizing
- Menu controls for Brightness, Contrast, Hue, Saturation, Sharpness and Flicker
- Area Zoom function allows areas of the screen to be enlarged for special emphasis
- Composite, S-Video, and RGB video output via traditional cables
- VGA IN and VGA OUT for simultaneous TV/CRT viewing
- Supports stereo audio transmission from PC or external source
- Includes battery pack for up to 4 hours of transmission time—four AA batteries not included (also includes AC adapter).
- Supports transmission to multiple receivers (additional receivers sold separately)
- Supports NTSC, NTSC-EAL, PAL-N, PAL-M, PAL-combination-N and SECAM (via RGB out)

Capture And Store Up To **TEN HOURS** Of Video To DVD!

RECORD LONGER THAN EVER BEFORE POSSIBLE!

Attention TV and Camcorder lovers! Now you can actually record TV or convert recorded video—to DVD! It's fast and easy—with the hottest new product of this issue: The ConvertX! It's the world's FIRST DivX hardware encoder—and we've got it! Real-time recording! ConvertX offers the unique choice of 4 encoding formats: MPEG-1, for recording one hour of premier quality video on a VCD; MPEG-2, for up to two hours of high quality video on a DVD; and, for exceptional hard disc space-savings, MPEG-4. Capable of creating highly compressed video archives, MPEG-4 can be used to store 100 minutes of video on a standard CD or 10 hours on a DVD—that's right! TEN HOURS!

VIDEO FAST FACTS

FORMAT	FILE SIZE 1-Minute Video	CD-R Minutes of Video per Disc	DVD Minutes of Video per Disc
DV	220MB	3 Minutes	20 Minutes
DivX (Home Theater)	31MB	23 Minutes	140 Minutes
DivX (Portable)	6.5MB	107 Minutes	667 Minutes
MPEG-4 (Best Quality)	31MB	23 Minutes	140 Minutes
MPEG-4 (Extended Play)	6MB	116 Minutes	722 Minutes
MPEG-2 (Best Quality)	45.5MB	15 Minutes	96 Minutes
MPEG-2 (Extended Play)	16.3MB	43 Minutes	268 Minutes

DIGITAL CAMERAS

FUJIFILM 9MP Fuji Firepower!

Fujifilm has added another "first" to its imaging legacy with the introduction of the SLR-styled FinePix S9000 digital camera, the world's first nine Megapixel model for advanced amateur photographers.

Advanced digital photographers have been eagerly awaiting this addition to Fujifilm's popular S-series line. The FinePix S9000 digital camera boasts 9.0 effective Megapixels that capture up to 3,488 x 2,616 recorded pixels (3.12 million) — the highest resolution of any consumer-grade camera on the market. While these record-breaking numbers are impressive alone, Fujifilm understands there is more to a great digital picture than resolution. The FinePix S9000 matches the nine Megapixel, 5th Generation Super CCD HR sensor, with a super-sharp Fujinon lens and the Real Photography Processor technology found currently in the critically-acclaimed FinePix F10 digital camera.

FUJI Finepix S9000 SLR 9.0MP/10.7X Optical/2X Digital

9.0 Effective Megapixel
Large Tilting 1.8" LCD
10.7x Wide-Angle optical
zoom (38mm–300mm
35mm equivalent)

Fujifilm Real Photo Technology – Fujinon lenses

The Fujinon brand is known worldwide for high quality lenses made for electronic image capturing systems. Because of Fujifilm's many years of experience in developing this kind of high-end optical equipment for image capture, new cameras developed with Fujinon technology and lenses allow the end user to experience images with excellent picture quality but also with the largest possible zoom range and high speed in a compact package.

Find Your Ink FAST!

Inkjet Refill Kits And Compatible Cartridges!

A-Rated Quality. Economical Price.

Why spend top-dollar for a new inkjet cartridge when you can quickly and easily refill your old cartridge—and put the extra dollars back in your pocket? Color Laboratories refill systems perform to the exact standards of your original cartridge, with easy operation and minimal cleanup.

A-Rated Quality. Economical Price.

Why spend top-dollar for a new inkjet cartridge

When it comes to refills, nobody beats Color Laboratories Imaging. They manufacture premium-quality systems to make refilling faster, easier and more affordable than ever before. And of course, you went your refilled cartridge to perform just as the original did. The convenient "flip and fill" tank makes refills a snap—with no messy needles!

Canon Photo Printing Superstore!

iP6600D Photo Printer

The PIXMA iP6600D Photo Printer is a photo-printing powerhouse, with incredible quality and high convenience. It delivers an amazing resolution of up to 9600 x 2400 dpi, for detail and clarity. To achieve this, Canon Full-photolithography Inkjet Nozzle Engineering (FINE) uses a next-generation 3.0/2-nozzle print head that ejects precise, consistent droplets as small as 1-picoliter. It all adds up: more nozzles + smaller droplets = smoother, virtually grain-free images.

JUST
\$184.99

iP1600 Photo Printer

- Maximum 4800 x 1200 color dpi
- Microscopic droplets as small as 2 picoliters
- 1,472 nozzles for fast black and color printing
- Edge-to-edge true borderless photos
- Compact, space saving design

JUST
\$48.99

iP5200 Photo Printer

- Up to 30 ppm black / up to 24 ppm color
- Built-in 2 sided printing
- 5 individual ink tanks
- Maximum 9600 x 2400 color dpi w/microscopic droplets as small as 1 picoliter
- Borderless Printing
- Direct photo printing

XEROX Desktop Printshop!

Affordable Phaser® 8500N printers bring professional-quality color within easy reach.

24 ppm Black/Color Printing Speed

1200 dpi Print Resolution

- Xerox Phaser 8500N solid ink printers mimic professional 4-color presses to deliver brilliant color fast, at incredibly low prices. Bring this mini-print shop within arm's reach of your workgroup and you'll be in total control of your time, print output and budget.
- Fewer disposable parts lead to lower maintenance costs—nearly 40% less than laser printers
 - Print up to 24 full-color pages per minute
 - Industry-leading first-page-out time as fast as 6 seconds
 - Big paper trays let you print more without interruption
 - Legendary ease-of-use: load ink on the fly, use 4-step network installation, print rich color on a wide range of media

JUST
\$889.99

LEXMARK

ALL-IN-ONE PRINTERS

X2330 All-In-One!

Talk about a big bang for your buck! This terrific new All-In-One from Lexmark offers top-quality print, copy and scanning for an incredibly affordable price. You'll save money and space with the compact, lightweight Lexmark X2330. Plus its 13 pages per minute print speed and 4800 x 1200 dpi gives you a great combination of performance and quality. And you can print 4-inch by 6-inch photos in only 38-seconds with the Lexmark X2330 in QuickPrint mode (excluding PC processing time). Other great features include 1-Touch and Standalone color copying, black and color PC fax and 1-Touch Scanning (600 x 1200 dpi (19200 dpi enhanced). The X2330's optical flatbed scanner with 48-bit color scan and 16-bit grayscale easily handles books, reports and more.

The Fast And Easy Way To Print Labels! And Now Stamps!

NEW! Stamps Postage Software

Eliminate the hassles of printing labels with DYMO LabelWriter and eliminate trips to the Post Office with included DYMO Stamps postage software (not available with LabelWriter Duo). These compact printers fit on a tiny corner of your desk, connected via USB to your PC or Mac - and print dozens of label styles and sizes in high resolution for envelopes, packages, files, name badges and more, in about a second or two. Also prints our popular DT labeling tapes with our versatile new LabelWriter Duo. Each LabelWriter includes free software and prints directly from Microsoft Word, Outlook, WordPerfect, QuickBooks, ACT! and more. Direct thermal printing means LabelWriter never uses any ink or toner. Includes everything you need to print perfect labels every time.

- Lightning-quick printing of dozens of label styles and sizes - with your favorite fonts and graphics - in one or two seconds
- Three models print precise amounts of USPS-approved, "no-monthly-fee" DYMO Stamps postage in about a second
- Connects via USB to PC or Mac - can be shared by Windows or Mac network
- High-resolution 300 dpi for sharp, clear text, graphics and barcodes
- Advanced thermal print technology is "whisper-quiet" and never needs ink or toner
- Small, sleek design fits anywhere your desk
- New, easy-loading feature makes changing labels a snap
- Works with Windows 98, 2000 and XP and Macintosh 10.2.8 or later
- Two-year warranty

NEATRECEIPTS SCANNER

COMPLETE SOLUTION INCLUDES SCANNER

Scan And Organize Receipts!

The NeatReceipts scanner is a powerful scanner and software solution that helps you get paper-based information into your computer. NeatReceipts scans, analyzes and organizes receipts, business cards and documents into a searchable database. Using advanced OCR technology NeatReceipts reads information from receipts and business cards and organizes it in spreadsheet format. Perfect for tax preparation, expense reporting and business card management, the NeatReceipts scanner is the ideal tool to fight back against paper clutter.

Tax Preparation Solution. NeatReceipts digital receipts are accepted by the IRS! Get ready at tax time with detailed records of all your tax-deductible expenses and organize your deductions by their appropriate schedules. Stay prepared in case of an audit and never miss out on a deduction you deserve!

Business Card Reader. NeatReceipts features a highly accurate business card reader to help busy professionals save time keying-in contact information onto the computer. NeatReceipts syncs automatically with your Outlook address book. You can also export the data as a vCard to upload onto your handheld device.

NEW! NeatReceipts Enterprise Edition

- Designed for fast and efficient expense reporting in small, medium and large teams (5 to 1000 users).
- Cut expense reporting costs by up to 80% by eliminating paper from the entire reporting and verification process.
- Simple deployment with no technical expertise required.
- Built-in tools include approval system, expense tracking wizards and report templates.

Power Protection Center! 1000VA/600 Watt UPS

Featuring \$125,000 Connected Equipment Warranty!

The Ultra 1000VA is an absolute must for anyone running small servers, workstations and powerful PCs. And we're so confident that the Ultra 1000VA offers the best power protection in the world that this unit carries a \$125,000 guarantee against damage to your connected equipment while the 1000 VA is in use! You simply cannot afford to call carriers when it comes to safeguarding your valuable equipment. The Ultra 1000VA offers an incredible array of features and benefits including line interactive design, AVR (auto voltage regulation), Smart RS-232 (serial) communication port, alarms for battery backup, low battery and overload, energy saving function (UPS green mode), automatic charging when UPS is off and much more.

CyberPower Simply The Best In Power Protection.

685AVR/800AVR

685VA/330W 800VA/450W

Reliable protection for every workstation! CyberPower has reliability, quality and value built into each model through features such as automatic voltage regulation, coax/USB/cable protection, eight outlets, USB connectivity and broadband network protection. PowerPanel Personal Edition auto-shutdown software is included. With runtimes up to 80 minutes, you have ample time to save your work and safely shutdown.

Connected Equipment Guarantees up to \$200,000

Mid- to upper-level computer systems

900AVR/1200AVR

900VA/560W 1200VA/720W

The new AVR series includes feature upgrades such as coax/USB/cable protection and larger batteries allow for runtimes up to 145 minutes. PowerPanel Personal Edition auto shutdown software is included with each model. These new models have eight outlets and Serial or USB connectivity.

Connected Equipment Guarantees up to \$375,000

What is AVR?

Automatic Voltage Regulators (AVR) ensure clean and consistent power to your connected devices at all times. In the event that the incoming voltage level dips or spikes beyond the normal 110-120V, the AVR feature increases or decreases the output voltage as needed to a safe range of 110-120 volts.

1500AVR

1500VA/950W

The 1500AVR is designed to protect corporate and departmental servers, critical broadband equipment, larger workstations as well as demanding multimedia systems. The innovative design allows flexibility as a stand-alone or rack mount device.

- Dual serial ports for multiple system shutdown
- \$500,000 Connected Equipment Guarantee

USB Adapters

An affordable solution for connecting your legacy devices

Use USB to connect all of your legacy devices with USB adapters from Cables To Go. The USB to DB9 serial adapter is perfect for RS-232 applications including PDAs.

For newer systems with no parallel port use the USB to C3 parallel adapter. It makes connecting parallel printers to USB ports a snap.

New notebook but want to use your older PS/2 keyboard/mouse? No problem! Simply attach the USB to PS/2 adapter to the keyboard/mouse then to your USB port. No software required.

Put that old hard drive to use or transfer files easily with the USB to IDE adapter. Converts any IDE drive into a portable external storage device. Great for transferring files to a new system!

USB 2.0 Hard Drive Enclosures

The fast and portable way to share and back up your files!

Put that old hard drive to good use - "Use it, or lose it." This 2.0 tool-less device which provides speeds of 480Mbps for fast file transfers. A durable metal housing acts as a heat sink, keeping drives cool and well protected.

- Transfer files from your notebook hard drive to desktop computer, back up data, or store MP3s and digital photos
- Fully plug-and-play and hot-swappable
- Windows® 98/ME/2000/XP and Mac OS X compatible

Item#	Description	Price
C184-29565	Port Authority® 2.5" Hard Drive Enclosure	\$19.99*

*After \$30 MIR. Rebate Expires 6/30/06

Port Authority 2 USB 2.0 to Serial ATA

The Port Authority 2 USB 2.0 to Serial ATA (SATA) Adapter by Cables To Go implements a bridge between one USB port and one SATA based mass storage device or one SATA based mass storage transfer port. The adapter turns any SATA drive into a convenient external drive. Easy transfer files from a computer or notebook, back up files, or store large file archives on hard drives. A great solution for recovering personal files from SATA drives that no longer boot the operating system. The Hi-Speed USB interface enables easy installation with its plug-and-play design. Works with any SATA hard drive from 80GB to 500GB.

Item#	Description	Price
C184-30570	Port Authority 2 USB 2.0 to Serial ATA	\$64.99

MP3 to FM Stereo Adapter

Play file from your MP3 player even your car or home stereo!

- Simply plug your MP3 player into the adapter and set your stereo to listen to your favorite audio files
- Works with any MP3 player with 3.5mm port
- 16-channel transmitter for clear reception
- Powered by two AAA batteries (the 12V DC car adapter)

Item#	Description	Price
C184-25440	MP3 to FM Stereo Adapter	\$29.99*

*After \$10 MIR. Rebate Expires 6/30/06

Mobile Office Retractable Cable Kit

All the popular connections plus a USB hub and optical mouse!

- Use to connect any USB device, modem, or network connection
- Everything you need to make any connection while you're on the go
- Retractable cable system eliminates tangles and cable clutter

Item#	Description	Price
C184-28269	Port Authority® Mobile Office Cable Kit	\$19.99*
C184-28263	USB 2.0 Cable and Adapter Kit	\$6.99***

CABLES TO GO

Hot KVMs and Print Servers!!

Micro KVM with Audio!

Control two PCs with audio for under \$40!

The 2-Port Micro KVM is compact but provides complete functionality. It supports video resolutions up to 2048 x 1536 while providing full keyboard and mouse emulation to prevent system lock-ups. With no software required, installation is hassle free - simply connect and power up! Toggle from PC to PC via hotkeys and never take your hands from the keyboard.

Item#	Description	Price
C184-29561	2-Port Micro KVM with Audio	\$34.99
C184-29562	2-Port Micro KVM with USB and Audio	\$59.99

Port Authority® SOHO KVMs

Perfect for Home and the Office!

Control multiple PCs with the Port Authority® KVM Switch! The plug and play design means there is no software to install or boards to configure. The Port Authority® KVM works with almost all personal computers that have HD15 SVGA and PS/2 keyboard and mouse connections.

- Supports video resolutions of up to 1920 x 1440 with 200MHz bandwidth. Hot pluggable with no driver needed.

- KVM cables (below) are compatible with most popular KVM switches and constructed with premium quality coaxial cables for rock-solid video.

Item#	Description	Price
C184-35557	2-Port PS/2 KVM Switch + 2 Cables	\$37.99
C184-35558	4-Port PS/2 KVM Switch + 2 Cables	\$62.99

*After \$10 MIR, Rebate Expires 6/30/06

Port Authority® 8-Port KVM

Take complete control of 8 systems with a single keyboard, monitor, and mouse!

With OSD control, the Port Authority® 8-Port KVM can let you menu up to eight connected PCs, toggle to a desired computer, configure settings, and view KVM and system status without ever touching the switch. Superior design ensures menu support between computers of different VGA resolutions (1600 x 1200 maximum) and smooth switching without leaving OSD character artifacts.

- Supports PS/2, serial/mice and MS IntelliMouse (Pro)
- Hot-key functions allow easy computer access
- Keyboard state automatically saved and restored when switching PCs
- Operating system, transparent to all applications
- Assign computers with unique and meaningful names
- Password security locks computer(s) from unauthorized access

Item#	Description	Price
C184-32598	Port Authority® 8-Port KVM with OSD	\$259.99

Your Printer Over a Network without a Dedicated PC!

JLP3100 - Share a Single Parallel Printer!

Provides any parallel printer a network connection via an auto-sensing 10/100 RJ-45 port.

- No need for a dedicated PC print server

JLP3200 - Share up to Three Printers!

Provides a network connection for 1 Parallel2 USB printers.

- No PC necessary — place the printers anywhere on your network

JLP2250 - Share a Single USB Printer!

Print from any computer to any USB printer on the WAN/LAN.

- Place your printer anywhere on your network.

Hard Drive Cables & Adapters

Maximize the performance of your drives

- Perfect for high performance game systems, servers, and today's hotter running processors
- Increased airflow through the case

Use your laptop hard drive with your desktop PC with the laptop to IDE adapter.

Serial ATA 150 cables are designed to handle the differential signaling of today's SATA drive technology. The 7-pin cables permit higher data transmission rates, reduce crosstalk, and improve integrity.

Solid Business Storage And Wireless Solution!

TeraStation PRO Network Attached Storage!

Buffalo's TeraStation Pro Series of Terabyte Network Attached Storage offers powerful storage and server solutions for the SMB and SOHO market. With its quick swap hard drive trays, TeraStation Pro requires no computer knowledge to swap out replacement hard drives in seconds. This allows for significantly less down time and quicker drive recovery. Combining advanced active directory support, fault tolerant data solutions, robust file security and Gigabit Ethernet networking, TeraStation Pro allows users to deploy a simple, cost-effective data server to their office in minutes without cutting corners on features or expandability.

- Active Directory Support: Works as a client member in an Active Directory domain allowing the TeraStation Pro to utilize the domain users and groups.
- Four operational modes: Standard, Spanning, Mirroring and RAID 5
- Advanced RAID system to continually check hard drive performance
- Quick swap hard drive tray via the front panel for easier maintenance
- 10/100/1000 Gigabit Ethernet port and Jumbo Frame capability for higher transfer speeds

The Buffalo AirStation G54 High Power Wireless Card/DSL Smart Router combines the High Power wireless performance with Buffalo's AirStation One-Touch Secure System™ (AOSS™). Uniquely equipped with a built-in signal amplifier, the WHR-HP-G54 produces up to a 50% increase in wireless transmit power over a standard 802.11g wireless router. WHR-HP-G54 extends the range of standard 802.11g client devices by up to 70% and improves overall performance by up to 50%. In addition to fast wireless performance, WHR-HP-G54 features a built-in external switching between wireless router and wireless access point modes, making the Buffalo AirStation G54 High Power Wireless Card/DSL Smart Router the perfect choice for your wireless network.

LinkStation Network Storage Center

Buffalo's LinkStation Gigabit Network Storage Centers offer an easy and economic solution to add up to 40 GB of Gigabytes of network attached storage while providing high-speed 10/100/1000Mbps LAN connections. Quick and simple installation allows you to instantly store and share your music, videos, images and other files from both PCs and Macs. Simple setup and maintenance, versatile storage, and a compact and quiet design make the LinkStation the "must have" solution for storing, sharing files on your home or small office network.

- Auto-MOIX10/100/1000 Base-T Gigabit Ethernet Port.
- Memo(M) Easy Backup Software Included.
- Simplified File Sharing on Your Home or Small Office Network.
- Silent Internal Fan.
- Expandable Storage by adding a USB Hard Drive.
- Built-in Print Server to Print Files from Anywhere on Your Network.
- Easy Setup With Minimal Power Consumption and Scheduleable Auto Power Off and On.

Building Networks for People

New D-Link 2XR Technology Provides Wireless Coverage For Your Whole House

D-Link's DI-634M is infused with Double XR (2XR) Technology providing extreme wireless coverage for the entire home. This Wireless 108G MIMO Router utilizes a Quad Smart Antenna Design to fully maximize the wireless coverage area. A Packet Prioritization Engine ensures that bandwidth sensitive applications, such as VoIP and online gaming, are given priority over activities like file transfers or sending large email attachments. The DI-634M also includes a new Quick Router Setup Wizard to enhance the installation process by configuring your router with ISP settings. All these features plus a fresh new casing make this router a must have in any household.

D-Link Network Security for Small to Medium Business

Building Networks for People

Defending Your Network-Dependent Business

The NetDefend family of Firewall/VPN Security Appliances is D-Link's answer for hardware-based network security. D-Link NetDefend products are easy-to-deploy VPN and firewall solutions designed for small-to-medium sized businesses that demand superior performance and security. With Network Management Features such as Remote Management, Bandwidth Control Policies, URL/Keyword Blocking, Access Policies, and SNMP, the NetDefend product line is a flexible solution to help you grow your business.

Key Features/Benefits:

Packet Level Network Protection Against Unauthorized Access — NetDefend security solutions protect your company resources from unauthorized access and exploitation. NetDefend firewalls allow for the filter and blocking of traffic based on administrator defined security policies and packet level parameter matching.

Intrusion and Attack Based Detection and Protection — Aside from packet level filtering, NetDefend products deploy signature-based recognition of many known viruses, worms and other malware providing protection from the latest emerging security risks.

Secures Company Data and Privacy — NetDefend secures your company data as it is transmitted over the public Internet infrastructure. With Integrated Virtual Private Network (VPN) support, NetDefend products protect against eavesdropping by creating secure encrypted tunnels across the Internet.

Versatile Platform for Multiple Security Requirements — NetDefend products package integrated Network Address Translation (NAT), dynamic router, SPI Firewall, advanced content filtering features, IDS protection, bandwidth management, as well as Virtual Private Network (VPN) support into a single easy to use advanced security platform.

High Performance Protection — NetDefend hardware-based security products offer advanced protection without the sacrifice of application speed and network performance.

Enforcement of Company Acceptable Use Policies — NetDefend offers controlled access to and from the Internet with policy configuration and enforcement to improve the overall efficiency of Internet use and reduce company liability from questionable employee actions.

D-Link Web Smart Switch Is Your Smart Path to Profitability

Indoor/Outdoor Wireless Access Points

The D-Link DWL-3200AP is designed specifically for business-class environments to provide secure and manageable wireless LAN options for network administrators. This business-class access point is equipped with several features including two high-gain antennas for optimal wireless coverage, a plenum rated metal chassis enclosure for supreme weather protection and must have security features such as MAC address filtering, Wireless LAN segmentation and support for AES encryption.

Key Features/Benefits:

- **Security** — D-Link addresses this issue with features such as AES hardware encryption and 802.1x authentication
- **Management Features** — D-Link's AP Manager allows single location management of multiple access points
- **Better Range** — More robust antennas increase signal strength and optimize wireless coverage

Managed Switch Features At Unmanaged Switch Prices with D-Link Web Smart
The D-Link Web Smart Switch family offers a path to grow business by bringing together the plug-and-play ease of an unmanaged switch combined with key features found in managed switches.

Key Features/Benefits:

- **Single IP Management (SIM)** technology providing single IP address management for a virtual stack of up to 32 switches
- **Advanced security features** including ACL support, MAC address management, port security and port support for 802.1x
- **Multi-layer QoS support** to prioritize network traffic and ensure the most critical network services are served
- **Affordable pricing** — all these rich features are available at very reasonable costs

LINKSYS Wireless-G Broadband Router with SRX200

The Wireless-G Networking Solution with SRX Speed and Range Expansion

The Wireless-G Broadband Router with SRX200 is really three devices in one box. First, there's the Wireless Access Point, which lets you connect Wireless-G, Wireless-B, and other performance-enhanced SRX devices to the network. There's also a built-in 4-port full-duplex 10/100 Switch to connect your wired-Ethernet devices together. Finally, the Router function ties it all together and lets your whole network share a high-speed cable or DSL Internet connection.

- Internet-sharing Router, 4-port Switch, with a built in speed and range enhanced Wireless-G (802.11g) Access Point
- has a single Internet connection and other resources with Ethernet wired, Wireless-G, -B, and other SRX devices
- New SRX technology: the farther away, the more advantage — up to 6 times faster than standard Wireless-G (802.11g)
- SRX also increases wireless range up to twice as far and reduces dead spots in coverage area

MAXimum Performance 802.11g Wireless Connectivity

FROM
\$39⁹⁹

MAXg Router

MAXg Access Point

MAXg PC Card

MAXg PCI Adapter

MAXg USB Adapter

MAXg™ Technology from U.S. Robotics optimizes the capabilities of 802.11g wireless connection, providing the best overall performance available in a wide variety of metrics — range, performance, security and ease of use. MAXg wireless solutions are designed for home and small business users that demand performance and simplicity in their wireless products, including total home or small business coverage.

The U.S. Robotics Wireless MAXg family of products incorporates advanced digital signal processing techniques that allow for significantly better reception sensitivity over other 802.11g products on the market. As the distance between a wireless device and a router or access point is increased, it becomes more difficult to accurately receive the data being transmitted. This forces a "downshifting" of the wireless net-

work to a lower data rate, essentially slowing down the network and data flow. U.S. Robotics Wireless MAXg products are designed for better reception sensitivity, allowing for maintaining longer connections at higher speeds, resulting in greater throughput and overall transfer of data over greater ranges.

MAXimum Range — 50% better range than standard 802.11g.

MAXimum performance — Delivers performance of up to 125 Mbps.

MAXimum security — Higher security encryption, authentication and SPI Firewall.

MAXimum simplicity — Set-up in less than five minutes. Fully secure within ten.

USRobotics Internet Phone "Call the world for free!"

Use your broadband Internet connection and any popular Internet telephony application to make free calls world-wide. This USB Phone works with phone like services from MSN, AOL and Yahoo, and specifically includes integrated support for Skype™, the leading Internet telephony application.

- Advanced voice technology for excellent call quality
- Skype speed-dial and caller ID supported
- Dial, answer and hang-up calls with a touch of a button

BACKUP SOLUTIONS

REV Technology — A Faster, Smarter, Better Backup Solution!

REV technology is a removable hard disk system. REV combines the speed (up to 8X faster than tape), reliability, and ease-of-use of a hard drive with the advantages of removability and low cost capacity expansion of tape.

Now you can purchase a kit with everything you need for data backup. The iomega® REV® 35GB Backup Kit includes a REV USB 2.0 or iATAPI internal drive, 6 REV disks, and CA BrightStor® ARCserve® Backup software to give you the tools you need for a comprehensive backup strategy.

- Low cost: Network storage without the expense of a server
- High speed: Ethernet connectivity
- Easy to use: Single cable install

BrightStor® ARCserve® Backup r11.5 For Windows

Reliable, Secure Backup and Recovery From The Industry Leader

ALL-NEW VERSION! More Power, More Features!
Protect your business-critical data—with advanced dish-to-disk tape backup (disk staging) and 64-bit platform support. But that's just the

beginning. You also get 100% virus-free backup and superior multiplexing for outstanding performance in your networked environment.

Brought to you by the leader in data protection—Computer Associates. Delivering reliable backup and recovery for distributed environments centered around Microsoft Windows backup servers, this easy-to-use solution securely protects Microsoft Windows servers and clients.

The Definitive Solution!

BrightStor® ARCserve® Backup includes built-in support for one-drive tape libraries while maximizing performance and scalability through innovative technology such as Tape Library, Image, Disaster Recovery, SAN, Serverless Backup, NAS (NDMP), Cross-Platform Management, Disk to Disk, and Tape RAID options. It offers 24x7 availability by utilizing optional "hot" protection agents for Open Files, SQL, Oracle, SAP R/3, Informix, Advantage™, Ingres® Enterprise Relational Database, Sybase, Microsoft Exchange, Lotus Notes, and Novell GroupWise systems. Special Upgrade pricing available! Don't gamble with your valuable data!

- Disk-to-Disk to Tape backup (Disk Staging)
- 64 Bit Platform Support
- Virus-free backup
- Multiplexing for increased performance in a network
- Integrated support for Microsoft VSS

Specialized Scanning Solutions

Scan And Manage Books, Film And More!

plustek

OpticBook 3600 Scanner

- OpticBook is the most portable and affordable book-scanning solution. The product uses patent-pending SEE (Shadow Elimination Element) Technology that includes a specially designed edge and lamp. This technology allows for "zero edge" scanning which means the scanning module can scan right up to the edge of the scanner where the book spine is placed.
- Avoid book spine shadow and text distortion from flatbed scanning
- Avoid damaging book binding by pressing it flat on a flatbed scanner

- Digitize information for data exchange, retrieval and storage
- Aid academic study and distribution of study materials
- Digitize personal or institutional collections of rare and precious books

OpticFilm 7200 Scanner

The OpticFilm 7200 is a 7200 dpi film scanner capable of scanning 35 mm slide and negatives. With high optical resolution plus USB 2.0 connection and fast scan speed. OpticFilm 7200 easily outperforms many professional film scanners. The OpticFilm 7200 is the perfect scanner for photographers and small office/workshop users. It offers a variety of possibilities—high quality images for press, photo enlargements, brochures, digitizing slides/negatives, creating web pages, sharing work with friends on the internet, and more! The OpticFilm 7200 comes with the SilverFast SE professional software for enhanced scanning result.

STORAGE

Kanguru The Ultimate In Storage Devices

Kanguru Bio Slider

The Kanguru Bio Slider is a highly advanced USB 2.0 biometric flash drive that uses your fingerprint to secure the drive. Without the correct fingerprint, the drive is locked down and made accessible only after an exact match of a registered fingerprint has been authenticated. To access the protected information, simply insert the Kanguru Bio Slider and swipe your finger across the biometric sensor. The sensor will automatically scan your fingerprint and grant access.

Item #	Description	Price
146-1984	Kanguru Bio Slider 512MB	\$99.99
146-1986	Kanguru Bio Slider 1GB	\$129.99
146-1988	Kanguru Bio Slider 2GB	\$199.99

USB 2.0 Palm Sized Portable Storage!

The new, sleek Kanguru Flash Drive holds an incredible amount of storage in a tiny form factor! Just slightly larger than a quarter.

Item #	Description	Price
146-2046	512MB Kanguru Flash Drive	\$32.99
146-2048	1GB Kanguru Flash Drive	\$52.99
146-2050	2GB Kanguru Flash Drive	\$84.99
146-2052	4GB Kanguru Flash Drive	\$184.99
146-2054	8GB Kanguru Flash Drive	\$399.99

Finger
Print
Security!

Kanguru BioSTOR

The Kanguru BioSTOR is an advanced USB2.0 hard drive with built in biometric security! Your unique finger or thumbprint acts as your password, so you'll never forget the password to this high speed, high capacity encrypted drive!

- 40-500GB storage
- Store up to 5 fingerprints
- 508 DPI fingerprint sensor
- No software to install
- User friendly setup
- Optional password recovery
- High speed USB2.0

The new Sony DVDirect™ MC1 allows both video and digital photos to be recorded to DVD without using a PC. The MC1 has video inputs on one side for direct connection of a camcorder/VCR/PVR for easy direct recording of video to DVD-R/RW discs. The MC1 also has memory card slots for the 5 popular camera memory cards and will directly record images from the memory card to DVD-R/RW as a DVD slideshow. It's even possible to connect a PicBridge™ compatible printer to the MC1 and directly print photos from camera memory cards or photo DVDs created with the MC1. DVDirect MC1 can also be connected to a PC via USB 2.0 for advanced DVD projects, and much more.

COMPONENTS

ULTRA

Premium PC Cooling Products And Accessories

Power Supplies

The new Ultra V-series power supply offers more connectivity choices than the typical power supply, with options for 20/24 pin motherboards, SATA and PATA Express connections. This durable high-performance power supply features a low-noise 120mm cooling fan. It supports AMD and Intel motherboards and includes short circuit protection, in-rush current protection and thermal overload cutoff protection.

- Supports AMD and Intel Motherboards
- Low Acoustic Noise
- Meets ATX Version 2.03 and ATX 12V Version 1.2 Specs
- Short Circuit Protection
- In-Rush Current Protection

Why X2 Is Better than Ever
 All New Redesigned 550 Watt Ultra X-Connect (X2.)
 If you're familiar with the Ultra X-Connect (1st Generation) you know that it's the world's first completely modular design. That means you only have to connect the cables you need. This leaves your system's airflow unimpeded by clunky, chunky air stifling cables. The end result? Airflow that cools and protects your precious components. The Ultra 550-watt titanium finish X-Connect features FlexForce technology, which delivers easy cable routing while remaining hidden within your case. FlexForce's special design allows air to travel 30-percent more effectively than standard cables. Plus the 550-Watt X-Connect dresses its cables in a sleek, titanium UV reactive finish.

Item #	Description	Price

Ultra Wizard ATX Mid-Tower Case With UV Reactive Clear Side

FROM
\$49.99
 UL131580

In the red-hot gaming market, Ultra's UV Wizard will quickly become the best-selling case of all time! That's because the designers at Ultra understand that nothing captivates the gamer more than a dynamic combination of dazzling looks and incredible performance. The Ultra UV Wizard ATX Mini-Tower PC Case is pure eye candy wrapped in a glittering light show! That's because its clear UV side panel delivers a spectacular view of all your amazing ultraviolet colored and killer components! When it comes to performance — no case can match the UV Wizard's versatility, expandability, durability and airflow technology.

Important Notice: OUR CPU Return Policy: Please note that all processors may be returned only for defective exchange. We are not able to accept returns for refunds on processors under any circumstances. All processors will be inspected and tested upon return and any damage caused by poor packaging, overclocking, or other tampering with the processor will be cause for the return to be refused. Sorry, but as prices are always changing on CPUs, prices may change without notice and we do not offer price protection in the event prices rise or fall. See page 81 or call us for details and warranty information. (Retail Box CPUs have a 3 Year Warranty.)

CASES/COMPONENTS

MASSCOOL AC Cooled Mid Tower Case

The Masscool Mid Tower Case is an advanced integration of a high-end PC case incorporating the revolutionary "PC Air-conditioning Cooling system." A powerful power supply, and an informative control panel for high-performance systems. In response to the increasingly critical thermal issues, the innovative cooling technology, "PC Air-conditioning Cooling system" is purpose built in NEXTERIM IC88200 to increase the system's life span and allow demanding users to get the most out of their processors.

- Advanced system level cooling "PC Aircon Cooling System" to provide extra cooling power—120 watts
- Integrated monitoring system combo—LCD panel and dialed gauge for real-time tracking of temperature

Item #	Description	Price
S457-1098	Advanced Mid Tower Case with AC	\$299.99

MASSCOOL World's #1 Thermal Solution!

Socket 478 CPU Fan

CPU cooling is crucial in order to keep your computer running in tip-top shape. Keep your High-Performance Intel P4 CPU cool with a this High-Performance Fan.

- Ball bearing fan with Copper Core
- 3700RPM
- For Intel Pentium 4 and Intel Celeron up to 3.4GHz

S457-1023	Socket 478	\$17.99

IN THE FIELD OF BATTLE OR WHEN DUTY CALLS...

ULTRA X1 MEMORY UPGRADE

An overclocker's dream come true! Extreme Performance memory from Ultra that performs with incomparable, uncompromising reliability no matter how much you tweak your system. Featuring PC3200 extreme bandwidth, extreme low latency at 400MHz and an innovative high-performance aluminum heat spreader to reduce thermal buildup. Ultra's X1 memory offer the most consistent low latency in the industry - latency 30% below available at an amazingly low introductory price!

Ultra X1 Memory Overclocking Chart

The chart below shows how to overclock up to 533MHz while keeping your latency low. You can gain up to 133MHz in memory speed.

Speed	Memory Timings	Voltage
PC3200 (400MHz)	2-2-2-5-1T	2.6-2.7V
PC3500 (436MHz)	2-3-3-6-1T	2.6-2.7V
PC3700 (466MHz)	2-3-3-6-1T	2.7-2.8V
PC4000 (500MHz)	2-5-3-3-7-1T	2.75-2.85V
PC4200 (533MHz)	2-4-4-4-1T	2.85-2.95V

Upgrading Your Memory to Improve Performance

As programs get more complex, you'll discover that your trusty PC may not be working as quickly or efficiently as it used to. While your impulse might be to purchase a new, more powerful computer, for far less than what you'd pay for a new computer, a memory upgrade will often have your PC working faster and more efficiently than ever before.

MEMORY

K-Byte Premium Memory And More...

Top 10 Memory Upgrades

Upgrading the memory in your PC is the smartest, fastest and most affordable way to boost performance for every computing task. The results are dramatic and immediate. Even the most complex processes, like multimedia, gaming and web design are handled more efficiently when you upgrade your memory. Is it easy? You bet. In fact, it takes just a few minutes to double or even triple your system's memory. K-Byte's memory upgrades are manufactured by the top names in the industry, and every memory module meets the strict standards for performance and quality established by K-Byte. Not all memory makers can match up. That's why K-Byte is the smart choice in memory—and it's why every K-Byte memory module comes to you with a Lifetime limited guarantee.

K-Byte Zipit Wireless Instant Messenger

It's called "Instant" messaging, right? Not "whenver your little brother finishes his game and gets off the computer" messaging. The Zipit

Instant Messenger is a portable device that connects automatically to any home Wi-Fi or (free) hotspot. Personal, private, and ready when the conversation's happening, it fea-

tures a MyFriendz Key to quickly locate online friends and offers the "one to many" chatting experience. It also allows you to take part in multiple, concurrent conversations (memory space allowing). Dedicated and programmable My Emoliconz keep you quick on the keys. The Zipit Wireless Messenger picks up networks from within 300 feet of your home.

Why Settle for Stereo?

Enjoy 5.1 Channel Surround Sound without a room full of speakers, with Turtle Beach's new Ear Force Surround Sound headphones. Each of the headphone's ear cups have four discrete speakers for handling front, center, rear and sub-woofer channels, as well as convenient volume controls for front, surround, center and sub woofer. When playing games, these surround sound headphones give you the advantage of hearing your opponents before you see them - and create a more immersive gaming environment. When watching DVDs, these surround sound headphones let you experience home theater quality audio without disturbing family members or neighbors.

5.1 Surround Sound!

X-51—Portable Surround Sound Headphones with the flexibility to also connect to stereo MP3 players, CDs and other stereo sources as well as your PC or Mac's soundcard. Also comes with detachable microphone for Internet Chat!

HPA—Amplified 5.1 Surround Sound Headphones designed for comfort and performance while playing games or watching DVDs at your PC. Also comes with detachable microphone for Internet Chat!

AXT—Affordable game console headphones combining stereo enhanced sound with multiple speakers in each ear. Built-in microphone for Xbox Live online gaming communication!

Wire System Shelving

Perfect for LANs — Open Wire Design
For Easy Visual Inspection Of Contents

4-Shelf Units

Open-wire design—a new approach to the age-old problems of organization in your computer room. Store all your computers in one readily accessible location. Supports up to 160lbs. **Reinforced shelves** with front to back welded tops provide extra strength. Chrome-plated. **Assembles in minutes.** You don't even need tools—just snap together shelves, and slide shelf over sleeve to securely lock in place. Shelves adjust in 1" increments. The floor levelers adjust for surface irregularities.

Starter Unit consists of 4 shelves, 4 posts and snap sleeves. Expand with **Add-On Units** consisting of 4 shelves, 2 posts, 8 S hooks and 16 snap sleeves.

Linux OS Thwarts Spyware And Viruses

Xandros Surfside Linux — No Geeks Necessary **xandros**

Easy Installation

Xandros installs in just four simple clicks and will automatically detect and configure your hardware and peripherals. Plus, you can setup Xandros to run on your existing PC without removing or interfering with Windows at all.

Eliminate Spam, Viruses, Spyware, and other Intrusions

The benefits of communicating with friends and family and researching information through the Internet have been compromised by spam, spyware, hackers, and other Internet security risks. Xandros SurfSide Linux offers you an alternative that protects you from these dangerous threats and eliminates frustrating intrusions. It installs alongside Windows, quickly enabling you to enjoy the benefits of the Internet, without any of the risks. Xandros SurfSide Linux is a complete solution that includes anti-virus software, a firewall and all of the tools you need to maximize your Web experience.

Not Just Another Band-aid

While security applications from Norton, Symantec, Trend Micro and others offer a band-aid for Windows security problems, they cannot plug every hole. Xandros SurfSide Linux offers customers a secure alternative platform for using the Internet that protects them against intrusions and unwanted communication - making Xandros far more secure than a "patched" platform.

Get Started with VoIP! SurfSide includes a **FREE** USB Headset and 120 Skypeout calling minutes.

skype

Continue Using Your Programs

With Xandros you can continue to surf the Web, get your email, and create and edit Microsoft Office documents. Xandros comes pre-loaded with a variety of useful software including:

- Mozilla Firefox Web browser
- Mozilla Thunderbird E-mail
- OpenOffice.org Application Suite (fully compatible with MS Office file formats)
- Skype Internet Telephony

With our easy installation, intuitive graphical interface and full suite of productivity applications pre-loaded, Xandros SurfSide Linux Edition is truly "Linux Made Easy."

Why a tablet?

There are three main reasons why Wacom tablets are so popular—control, comfort and productivity. **Natural Control for Creativity without Boundaries** All of Wacom's tablets are pressure-sensitive—they literally feel the full range of pressure from the pen on the tablet. With a pressure-sensitive tool, such as Photoshop's Rubber Stamp or History brush or any Painter brush, you get unparalleled control.

Graphire4 Tablet

- Integrated pen compartment and a separate pen stand for two great ways to keep your pen handy
- Transparent photo frame for easy personalization with photos and artwork (fun samples and template included)
- USB connection for quick installation
- Cordless, battery-free mouse included
- Includes Adobe Photoshop Elements and Corel Painter Essentials

Graphire Pen With Eraser
• 512 levels of pressure-sensitivity for natural brush control
• Patented cordless, battery-free technology for a natural feel and superior performance
• 2 programmable buttons right at your fingertips
• Pressure-sensitive eraser for easy fixes

eTrust® From CA Internet Security Suite

TOTAL INTERNET PROTECTION

“★★★★★” - PC Magazine

eTrust Internet Security Suite

Total Internet Protection

Award-Winning Protection From a World Leader in Internet Security

- Antivirus
- Firewall
- Anti-Spam
- Plus Industry-Leading eTrust® PestPatrol® Anti-Spyware

Computer Associates Provides Software to Over 95% of Fortune 500 Companies

eTrust® Internet Security Suite 2006

eTrust® Internet Security Suite provides comprehensive protection against viruses, hackers, identity thieves, spyware, spam and other online threats that can jeopardize your privacy, your data, and your PC's performance. It combines easy-to-use, ISCA-certified eTrust® EZ Antivirus detects and eliminates thousands of computer viruses, worms and Trojan horse programs. The easy-to-use interface and frequent automatic updates make it effortless to stay protected, and the small installation file and efficient scanning engine won't strain your PC's system resources.

What is new Internet Security Suite 2006

Anti-Phishing & Identity Theft Protection—Uses industry-standard authentication methods to determine if an email is actually from the send indicated on the message, and displays a clear visual warning on suspicious emails.

Email Search—Creates a comprehensive search index of the information stored in Outlooks, so you can quickly and easily find messages, attachments, appointments, contents, journal entries, and notes.

New User Interface—Providing simplicity and superior ease-of-use, the new, unified user interface allows easy access to all features and functions, assisting you in quickly setting preferences, checking program status, and maintaining a secure PC.

Personal Firewall

Every PC connected to the Internet is a potential target for hackers and identity thieves. ISCA-certified eTrust® Personal Firewall stops hacker attacks, monitors your email for suspicious attachments, stops annoying pop-ups, controls cookies and protects you from identity theft. Award-winning, business-strength technology with preconfigured settings and automatic updates that take the guesswork out of PC security.

EZ Antivirus

ISCA-certified eTrust® EZ Antivirus detects and eliminates thousands of computer viruses, worms and Trojan horse programs. The easy-to-use interface and frequent automatic updates make it effortless to stay protected, and the small installation file and efficient scanning engine won't strain your PC's system resources.

PestPatrol® Anti-Spyware

Spyware does more than steal your personal information. It also robs your PC of speed, stability and Internet access efficiency. eTrust® PestPatrol Anti-Spyware detects and removes a wide range of spyware threats, complementing your antivirus and firewall defenses to provide a vital, added layer of security.

Anti-Spam

eTrust® Anti-Spam ensures you receive messages from contacts you know, while protecting you from contacts you don't. There are no rules to create or manage: eTrust® Anti-Spam does it all for you. It works seamlessly with Microsoft Outlook and Outlook Express to block 100% of unwanted spam, keeping you in control of your inbox.

LOGITECH

Audio

Z-5500 Speakers — We've taken the award-winning Logitech Z-480 speaker system and made it even better. How? By improving everything from the subwoofer to the satellites and adding new innovations like real-time digital sound equalization. The result is the Logitech Z-5500 Digital, a THX-certified, 500-watt 5.1 surround sound speaker system that offers everything you could possibly want... and some things you didn't even know you could. And once you plug in your PC, DVD or music player, or video game console, you'll never want to listen to anything else.

ADD TO CART • L23-6334 Z-5500 Speakers \$279.99

X-330 Speakers — The Logitech X-230's high-tech subwoofer adjusts itself dynamically to deliver distortion-free bass. And the two satellite speakers

ADD TO CART • L23-6320 X-330 \$34.99

70 Watts

X-530 Speakers — Plug the Logitech X-530 into your PC, music player, DVD player, or even your PlayStation or Xbox game console and immerse yourself in clean, crisp surround sound. The high-tech subwoofer adjusts itself dynamically to deliver distortion-free bass. And the five wall-mountable satellite speakers use Logitech's patented FDD2 technology to eliminate the uneven sound response created by conventional dual-driver designs.

ADD TO CART • L23-6322 X-530 Speaker System \$54.99

280 Watts

Z-5300e Speakers — Demanding gamers require high power, THX performance, and true surround sound. The Logitech Z-5300e delivers on all counts, with a sleek new look featuring silver speaker accents and removable black cloth grilles.

ADD TO CART • L23-6332 Z-5300e Speakers \$139.99

NEW!

315 Watts

Z-5450 Speakers — Eliminate the hassle of hiding speaker wires! Immerse yourself in clutter-free, high-fidelity digital surround sound with Logitech's THX-certified, 315-watt Z-5450 Digital 5.1 speaker system with digital hardware decoder and dual wireless rear speakers. The Digital SoundTouch Control Center supports Dolby Digital and DTS soundtracks, and includes digital and analog inputs for connecting DVD players, PCs, video game consoles, MP3 players, and more. Fine-tune your listening experience with a convenient wireless remote. Wall-mountable satellites help make installation easy in any room. The patented dual-chamber subwoofer enhances your games, music, and movies with thundering distortion-free bass.

• **Eliminate the clutter of rear speaker wires!** The Logitech Z-5450 digital speaker package includes dual wireless rear speakers for simple, clutter-free installation. Satellite speaker stands rotate for easy wall mounting.

• **Listen to crystal-clear, high-quality audio** through rear speaker or adaptive channel hopping with redundant transmissions.

• **Experience earth-shaking bass.** 310-watt RMS delivers thunderous power. Patented dual-chamber subwoofer plays louder and goes lower for unbelievable bass.

ADD TO CART • L23-7076 Z-5450 Digital Speakers \$349.99

MP3

MP3 Headphones

Logitech's Wireless Headphones for MP3 use advanced Bluetooth frequency hopping technology for interference-free, crystal clear audio. Logitech's Curve Headphones for MP3 are easy on the ears, and tough where it counts.
